

## Connecting the PHC Trials tablet to a Wifi access point

To connect the tablet to an access point follow these instructions

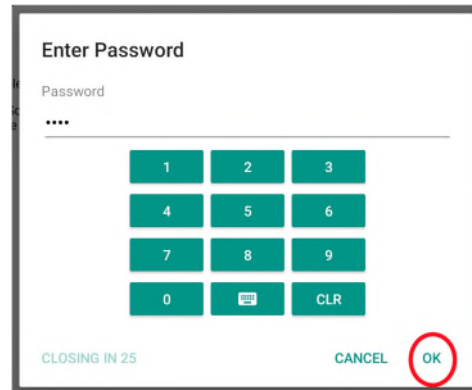

### Step 1

Turn the tablet on then press the three dots in the top right of the screen. Select 'Settings' from the drop down menu.

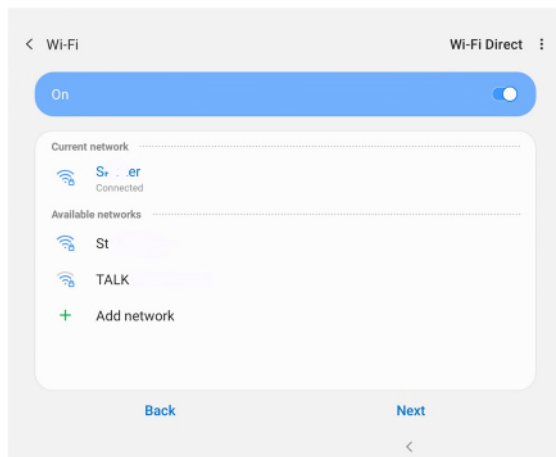

### Step 2

At the PIN prompt enter the Wifi setting password 1234 and click on the 'Ok' button.

### Step 3

Connect to the required Wifi network in the normal way

### Step 4

Click on 'Next' when you have completed the connection to return to the kiosk screen.
